**RE: Requested Review of the Remedial Action Work Plan For Source Reduction,
L.E. Carpenter Superfund Site, Wharton, NJ**

Dear Mr. Kubiak,

Enclosed for U. S. Fish and Wildlife Service review and comment, please find one copy of the Remedial Action Work Plan For Source Reduction, submitted by the PRP for the L.E. Carpenter Superfund Site in Wharton, NJ. The purpose of the submittal is to provide documentation to support the outlined approach to remove lead impacted soils to 400 PPM, remediate process wastes and LNAPL impacted soils. After you have completed your review, please provide comments to my attention by May 31. It would also be helpful if you could forward comments to me via email to cipot.stephen@epamail.epa.gov, as well, so as to facilitate preparation of a subsequent comment letter.

Thank you, in advance, for the opportunity to send you this work plan. Should you have any questions on this matter, please feel free to contact me at (212) 637-4411.

Yours truly,

Stephen Cipot
Remedial Project Manager
